Item 7.01 Regulation FD Disclosure

On January 25, 2016 we issued a press release announcing that we have completed an acreage swap with another operator which increases our Haynesville Shale drilling inventory. The swap is an equal exchange of assets with no cash consideration. The additional acreage acquired, which is comprised of approximately 3,600 net acres, expands our inventory of extended reach lateral locations in our core Haynesville Shale play in DeSoto Parish, Louisiana. As a part of this exchange we divested approximately 2,500 net acres in Atascosa County, Texas. A copy of the press release is attached hereto as Exhibit 99.1.

The information in this Form 8-K and the Exhibit attached hereto shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such filing.

Item 9.01 Financial Statements and Exhibits

Exhibit 99.1 Press Release, dated January 25, 2016.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, as amended, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

NEWS RELEASE

For Immediate Release

**COMSTOCK RESOURCES, INC.
ADDS TO HAYNESVILLE INVENTORY**

FRISCO, TEXAS, January 25, 2016 – Comstock Resources, Inc. (“Comstock” or the “Company”) (NYSE: CRK) announced today that it has completed an acreage swap with another operator which increases the Company’s Haynesville Shale drilling inventory. The swap is an equal exchange and therefore will require no cash outflows from Comstock. The additional acreage expands Comstock’s inventory of extended reach lateral locations in its core Haynesville Shale play in DeSoto Parish, Louisiana.

In the swap, Comstock will receive roughly 3,600 net acres in DeSoto Parish, Louisiana including four gross (3.5 net) wells currently producing approximately 1.1 million cubic feet of natural gas per day net to Comstock’s interest. The acreage swap will allow the Company to increase the number of its Haynesville Shale drilling inventory by 39 locations, including 33 extended reach lateral locations (7,500 to 10,000 feet) and six one section lateral locations.

In consideration for the Haynesville Shale acreage, Comstock divested approximately 2,500 net acres in Atascosa County, Texas. The acreage exchanged included seven gross (5.3 net) producing wells which are producing approximately 110 barrels of oil per day net to Comstock’s interest.

“We continue to search for ways to increase shareholder value during the current market downturn”, stated M. Jay Allison, Comstock’s Chairman and Chief Executive Officer. “This transaction shows our confidence in the new Haynesville drilling program and our ability to create value even in this low oil and gas price environment.”

This press release may contain “forward-looking statements” as that term is defined in the Private Securities Litigation Reform Act of 1995. Such statements are based on management’s current expectations and are subject to a number of factors and uncertainties which could cause actual results to differ materially from those described herein. Although the Company believes the expectations in such statements to be reasonable, there can be no assurance that such expectations will prove to be correct.

Comstock Resources, Inc. is an independent energy company based in Frisco, Texas and is engaged in oil and gas acquisitions, exploration and development primarily in Texas and Louisiana. The Company’s stock is traded on the New York Stock Exchange under the symbol CRK.
